

PRAVEEN BIMSARA

Software Engineer

✉ praveenbimsara99@gmail.com ☎ +94 78 589 0185 📍 Kalutara, Sri Lanka

🔗 Portfolio  LinkedIn  GitHub

Profile

Motivated and results-driven Software Engineer with a degree in Computing and Information Systems (B.Sc. Hons in Computing & Information Systems) and hands-on industry experience (2 years) gained through progression from Intern to Associate Software Engineer. Equipped with a solid understanding of full-stack web development, database management, and cloud technologies. A quick learner with strong analytical, communication, and problem-solving skills, capable of adapting to new challenges and collaborating effectively within cross-functional teams. Committed to delivering high-quality work through professionalism, dedication, and a proactive approach to continuous improvement.

Professional Experience

Associate Software Engineer, Victory Information Pvt Ltd

02/2025 – Present

- Contributed to the development and enhancement of PeopleHub, an HRIS platform, building and maintaining scalable features for employee and HR management workflows.
- Developed and integrated full-stack features and REST APIs using modern web technologies, with a focus on maintainability, performance, and reliability.
- Worked with Microsoft Azure and Docker for application deployment, containerization, environment management, and supporting cloud-based infrastructure.
- Managed application builds, deployments, and container images using Docker and GitHub, supporting streamlined development and deployment workflows.
- Collaborated with the development team to troubleshoot production issues, implement improvements, and deliver new features based on business requirements.

Intern Software Engineer, Victory Information Pvt Ltd

08/2024 – 02/2025

- Contributed to the development and maintenance of the Sri Kantha Motors Sales Application, supporting business workflows and application features for the Hemas Meal Token system.
- Developed and integrated application features using React.js, REST APIs, while collaborating with senior developers throughout the development lifecycle.
- Assisted in debugging, testing, and resolving application issues, ensuring improved functionality, stability, and user experience.
- Worked with GitHub for version control, including feature development, code commits, and collaborative development workflows.

Education

BSc (Hons) in Computing & Information Systems,

2021 – 2026

Faculty of Computing, Sabaragamuwa University of Sri Lanka

GPA: 3.39 / 4.0 (Second Class Upper Division)

G.C.E Advanced Level in Physical Science Stream,

2016 – 2019

C.W.W. Kannangara Central College, Matugama

Technical Skills

Programming Languages

JavaScript, TypeScript, Dart

Databases

MongoDB, MySQL, Firebase, Microsoft SQL Server

Tools & Platforms

Git, GitHub, Visual Studio Code, Android Studio, Postman, Figma, Canva, Jira, Vercel, Render

Frameworks & Libraries

React.js, Next.js, Node.js, Express.js, ASP.NET, Flutter, Tailwind CSS

Cloud & DevOps

AWS, Microsoft Azure, Docker, Docker Compose, GitHub Actions

Testing & Methodologies

API Testing, REST API Testing, Agile, Scrum

Extra Curricular Activities

IEEE Student Branch | SUSL, *Active Member*

Society of Computer Science | SUSL, *Active Member*

Projects

Lanka Crown Cinnamon (Web App) [🔗](#), *React.js | Node.js | Express.js | MongoDB*

A business website showcasing premium Ceylon cinnamon products, company information, and customer inquiries.

SD Tours & Travel (Web App) [🔗](#), *React.js | Node.js | Express.js | MongoDB*

A responsive travel website that allows users to explore tour packages, destinations, and submit travel inquiries.

Music Auto Play System (Mobile App) [🔗](#), *Flutter | Python | Firebase*

AutoBeats is a system that automatically plays on-the-spot music based on the user's environment. This is a group project.

Food Cabin App (Web App) [🔗](#), *React.js | MongoDB | Express.js | Node.js*

The user authentication system so that anyone can create an account and login this foodcabin website and purchase orders.

Fitness App (Web App) [🔗](#), *React.js | TypeScript | Tailwind CSS*

A dynamic gym website featuring seamless navigation, interactive class scheduling, and responsive design.

WeatherApp (Mobile App) [🔗](#), *Flutter*

This app allows users to search any city in the world and it shows the current weather conditions of that city.

Soft Skills

- Communication skills
- Problem-solving skills
- Time Management
- Leadership & Team work
- Flexibility and fast learning

Interests

- Web Development
- Artificial Intelligence
- Sports
- Cloud Computing
- UI/UX Design
- Travelling
- Open Source Contribution

Languages

- English
- Sinhalese
